If you could detect breast cancer before it spreads, wouldn't you?
A new perspective can help you see differently.

Advanced Technology, Less Radiation
3D Mammography

Up to 20 percent of cancers go undetected by standard mammography. And 40-50 percent of cancers are missed in dense breast tissue, where tumors are more difficult to identify.

CHI St. Alexius Health's most advanced technology changes that. Our approach to mammography helps us examine breast tissue layer by layer. While taking better pictures than before, our new wide-angle technology means up to 30 percent less radiation dose for our patients.

The Federal Communications Commission (FCC) has proposed an increase of the Federal Universal Service Charge (FUSC) which appears on your bill each month, to take affect October 2018. This increase is a result of an increase in the FCC's univernal service fund contribution factor from 17.9% to 20.1%. The new FUSC amount is calculated by multiplying the FCC'S univernal service contribution factor against your interstate access service charge. The federal univernal service fund program is designed to help keep local telephone service rates affordable for all customers, in all areas of the United States.

Re-Elect Al

JAEGER
North Dakota Secretary of State

"As Secretary of State, Al Jaeger has modernized the election system in North Dakota. Because of his leadership, people have better access to voting, the results are quicker, and the public can easily go to his website to get up-to-the minute election results."

- Ed Schafer, Former North Dakota Governor

"Al Jaeger worked hard with us in the Legislature on voter identification to protect North Dakota's election integrity. That's one reason I support Al for re-election."

Heidi

FOR NORTH DAKOTA

As North Dakota's U.S. Senator and as our former Attorney General, Heidi's top priority is making sure our communities are strong and safe for the future. That's why she worked across the aisle to crack down on websites that trafficked North Dakota women and children - and it's why she was so proud when President Trump signed her bill into law.

Heidi will keep working with our law enforcement officers - and members of both parties - to protect our communities with the resources and tools they need to keep North Dakota families safe.
